The new R410A M-Series offers the following features:

- **Anti-allergy enzyme filter** which uses artificial blue enzyme catalyst on the filter filaments to capture harmful microbes
- **Hybrid Catechin Pre-filter fibers** infused with a bioflavinoid found in green tea that has antiviral and antioxidant properties
- **A-Control for unit wiring** allows communication and power between outdoor and indoor units on three wires
- **Inverter-driven DC Compressor** operates at high efficiency with outstanding reliability
- **Pulse Amplitude Modulation (PAM) Control** aligns electrical input wave to improve electrical power factor up to 98%
- **Low-ambient Cooling Operation** allows for efficient operation with outdoor temperatures as low as 14°F for the inverter models
- **Powerful Mode** provides 15 minutes of extra high-power cooling or heating
- **Wide Airflow** (MSY/Z-A24) using two lateral vane motors provides for seven horizontal airflow directions
- **Optional connection to wired remote control** -MAC-3971IF-E connects to the M-Net - CITY MULTI Controls Network
- **Optional M-Net advanced system control** -MAC-3991IF-E connects to the M-Net - CITY MULTI Controls Network
- **Plus: Econo-Cool mode**, 1°F step temperature setting, self-diagnostic function, swing mode (up and down), auto restart, dry mode operation

Specifications

Application:	Heat Pump
BTU Cooling:	26,700
BTU Heating:	28,000
Mounting Location:	Wall-mounted
Outdoor Unit:	MXZ-3A30NA
Outdoor Input Power: (V, PH, Hz)	208/230, 1 Phase , 60 Hz
Outdoor Dimensions: (In. HxWxD)	35-7/16 x 35-7/16 x 12-19/32
Outdoor Weight: (Lbs.)	158

TECHNOLOGY

Sleek and compact indoor unit

Compact and powerful outdoor unit

Outdoor Sound Level: (dBA)	49/49 (Cool/heat)
Pipe Size (Liquid): (In.)	1/4 x 3
Pipe Size (Gas): (In.)	3/8 x 3
Indoor Connection Method:	FLARE
Outdoor Connection Method:	FLARE

Limited Warranty: 6-year on compressor. 1-year on parts.
Specifications are subject to change without notice.
